Embrace the chill

Winter Skincare & Makeup Tips

Chilly air can wreak havoc on your skin. To keep your healthy glow, a switch-up in your skincare and makeup routine is essential.

1. Hydration is Key: Look for ingredients like Hyaluronic Acid which help retain skin moisture. **NEW Moisturising System+** is a winter essential (page 8).

2. Exfoliation: Exfoliating weekly removes dead skin cells, promoting a brighter complexion, so use **Micro-Dermabrasion Resurfacer** (page 12).

3. Don't Skip Sunscreen: Even in winter, UV rays can damage your skin. Choose **Smart Shield PLUS SPF50** and apply it daily.

4. Lip Care: Chapped lips are a common winter problem. Use a nourishing Vitamin E infused lip balm like **NutriRich Intensive Lip Treatment SPF 18** (page 26).

5. Choose Cream Makeup: Cream-based products like **Silk Fusion Foundation** (page 23) blend seamlessly, providing a natural finish that counteracts winter dryness.

6. Warm Up Your Complexion: Winter can make skin appear dull. Add warmth with a blush and bronzer to bring life back to your skin. (Refillable shades page 24.)

7. Hair Mask: Leave **Nutri-Rich Hair Mask** on for 5-10 minutes, then rinse with warm water. Natural Oils deliver your deepest hair hydration. (page 29).

8. Stay Hydrated: Drinking plenty of water is just as important in winter as it is in summer. Hydrated skin starts from within.
