The ultimate guide to

NutriClean

Everything you need to know about our complete cleaning solution for your home, family and planet.

Now more than ever, we understand how important a clean and healthy home is for the safety of both you and your families. We also know that you share our concern for the planet, and how we can all reduce our personal impact to preserve the environment for our children and theirs, while keeping your family protected.

Greener cleaning is all about reducing your use of harsh cleaning products and switching to safer alternatives that help protect the environment and create a healthier home. All NutriClean formulas are created using biodegradable ingredients – and are free from chemicals, like phosphates, that harm our environment. The best thing about NutriClean, however, is that even though it's kind to the planet and your family, you don't have to work harder to achieve a sparkling clean home. No wonder it's been around for over 50 years.

NutriClean OLC

Original Lotion Concentrate

OLC is just about the most versatile cleaner you can have in your home – you can even use it on pets and people, too. It gets its cleaning power from Yucca Extract, which is derived from succulents most common to the Northern Hemisphere; and while it's gentle on both people and the planet, it makes light work of cleaning everything from pets, fruits to upholstery.

Julie DeMarchi and Michelle Yung love washing vegetables and fruit to keep them free of pesticides

NutriClean OLC

Original Lotion Concentrate

YOUR OLC CLEANING HACKS

"Use OLC on your bathroom mirror and it won't steam up after a shower. Brilliant"

Raewyn Boyd

"It's very gentle on the dog's skin. I wash the car with it, rugs, just about everything in my house really."

Cathie Woodbury

"Bubble bath is just one of many ways I use OLC. I also use it to wash my fruit and vegetables, shower screens, windows, floors and as hand wash"

Lucia Parkhill

"I Love OLC and use it as a hand wash. The side benefit is I always have clean, sparkling engagement and other rings"

Julie Kindellan

"I make a spray bottle with a 10 cent piece amount of OLC, fill with water, shake it up and use it as a spray and wipe for kitchen benches, windows, bathroom and more"

Lynn O'Neill

"This magic pink liquid is fantastic for washing your body and hands, also for washing up"

Jenny Irvine

Why choose OLC?

- ✓ Anti-static so it repels dust, keeping surfaces cleaner longer
- ✓ Biodegradable formula is kind to the environment
- ✓ Replaces multiple cleaning products with just one product
- ✓ Cost effective and highly concentrated
- ✓ Dermatologically tested so it's gentle on skin

Unlike many household cleaners, OLC does not contain:

- Phosphates
- Formaldehydes
- Chlorine
- Phenol
- Bleach
- Animal-derived ingredients

NutriClean OLC

Multi-Purpose Wipes

These multi-purpose cleansing wipes are conveniently pre-moistened with our proven NutriClean OLC formula. They gently and effectively clean a variety of surfaces from hands to bench tops.

20
Uses
for OLC wipes

(4867)

1. Wipe down everything, everywhere. Benches, sinks, spillages, light switches, cabinets and more.
2. Clean tables, chairs, doorknobs, light switches, remote controls, handles, desks and counters quickly.
3. Keep all hands clean. OLC is dermatologically tested to be gentle for all skin types.
4. Absolutely essential for little ones! OLC wipes are safe and as gentle to use as baby wipes for sticky fingers, dirty shoes and more. Keep toys fresh and clean, keep germs at bay on the pram, cleanse high chairs and everywhere your little one touches.
5. Keep germs at bay on your mobile devices, laptops and smart phones.
6. Wipe-up splashes and spills in the bathroom sink.
7. Keep all your surfaces clean in the car.
8. Wipe down the BBQ after cooking in seconds.
9. Keep OLC wipes at hand when preparing any food for bench top spillages.
10. Clean dirty window sills so they are free of dust.
11. Keep toilet seats and basins fresh and safe.
12. Clean your jewellery and your jewellery box with just one wipe.
13. Clean the washing machine and dryer, wipe the detergent box thoroughly.
14. Use them to dust your TV screen or clean out the microwave.
15. OLC wipes are great for reading glasses – keep glasses and sunglasses smudge free.
16. OLC wipes will get rid of dirty finger marks on glass windows and mirrors effortlessly.
17. Keep them in the fridge on a hot day and use to help you cool down.
18. Grubby desk at work? OLC wipes will keep your keyboard and desk hygienic.
19. Take on road trips, holidays, camping trips and always keep in the car at all times.
20. Keep a pack in every room in the house, a pack in your handbag, a pack in your gym bag – you can never have enough OLC wipes to hand.

NutriClean HCC

Hevi-Clean Concentrate

Hevi-Clean is the no-nonsense cleaner that makes light work of 'heavy' cleaning jobs, degreasing, deodorising and dissolving embedded dirt with a minimum of effort to leave surfaces brilliantly clean. Over time, build-up can collect on your kitchen cooker, stove-tops and BBQs. This biodegradable heavy duty cleaner cuts through grease, penetrating stubborn grime.

"I use it as oven cleaner, BBQ stain remover on clothes, for oil marks on driveways, even cleaning the bathroom and toilets"

Janet King

BEFORE

AFTER

YOUR HEVI-CLEAN HACKS

Tammie Smith uses it to make the oven top like new again.

Why Hevi-Clean?

- ✓ Great for outdoor cleaning jobs
- ✓ Readily bio-degradable
- ✓ Concentrated formulation means cost efficient cleaning
- ✓ Goes to work instantly
- ✓ Note, we recommend spot testing surfaces before cleaning.

Use HeviClean for removing dirt, mould and grease. Cleaning washable, non-porous surfaces such as:

- Floors
- Ovens
- Kitchen appliances
- Outdoor furniture
- Paint brushes
- Driveway surfaces and more

NutriClean CLC

Controlled Laundry Concentrate

Laundry detergent is quite possibly your most expensive cleaning product, given the average number of washes per week per household compared to the number of washes in a standard bottle of detergent. However as little as 30ml of CLC will give you the clean, bright wash you expect and there's an incredible 166 washes in every 5L bottle.

Why choose CLC?

- Concentrated formulation means cost efficient cleaning
- Dissolves instantly for effective washing and no residue
- Dermatologically tested so it's gentle on skin
- The laundry legend is enriched with natural Yucca Extracts for a natural clean
- Does not contain powder fillers or animal-derived ingredients

Use CLC for:

- Regular machine washing of all fabrics
- Hand washing
- Pre-wash soaking for stains and heavy soiling
- Cold, warm and hot water washing
- Top and front-loading machines
